November 30, 2021

Dear Parents and Guardians:

You may recall, that on December 4, 2021, the masking order was to be lifted and school districts were to enact their individual safety plans.

This afternoon, school districts across the state heard from the Supreme Court of Pennsylvania Middle District that the masking order will be in place until the Supreme Court hears the appeal argument on December 8, 2021. Therefore, students, employees and visitors must wear masks until the courts rule otherwise.

We appreciate your understanding as we navigate these ever changing and difficult waters. Please see the District website for further information.

Sincerely,

Thomas R. McInroy, Ed.D.
Superintendent
